**Management System Solutions**

January 17, 2014

Mr. Michael Caton:  
M3 Technology  
58 Sawgrass Dr.  
Bellport, NY 11713

Subject: Letter of Conformance

Reference: Certification Registration No. 10000243

Dear Mr. Caton:

Congratulations! UL DQS Inc is pleased to endorse the recommendation of the UL assessment Team that the quality system of the facility identified above has been found to be in compliance with Federal Aviation Administration (FAA) Advisory Circular (AC) No. 00-56A, 6/13/02. The assessment team has verified that the documentation required by FAA AC 00-56A is on file at your place of business for the parts being sold, under the scope of your registration to ISO 9001:2008 and AS9120:2009, for installation on civil aviation products.

As the Assessment Team has verified continued compliance with the ISO 9001:2008 and AS9120:2009 Standards, the firm listed above has the right to publicly announce its status as a UL DQS Inc Registered Firm, and the use of the UL Registered Firm Mark as described in the Quality Registration Program Requirements and the UL Registered Firm Mark brochure. If you need additional copies of these documents, please contact us. It is important that you retain these requirements for future reference.

UL DQS Inc's assessment on August 22-23, 2013 was conducted in accordance with ISO9001:2008; FAA AC 00-56A, 6/13/02; AS9120:2009; and UL DQS Inc's Quality Registration Program requirements. In accordance with these requirements, you are authorized to use a copy of this letter and the Assessment Report as evidence of compliance.

As stated in UL DQS Inc's Quality Registration Program Requirements, Continuous Assessments of your registered facility will be conducted to verify continued compliance with FAA AC 00-56A, 6/13/02; AS9120:2009; and ISO 9001:2008. Your re-certification to FAA AC 00-56A is required within every three years. Continued compliance to AC 00-56A will be assessed in conjunction with your ISO 9001:2008 and AS9120:2009 continuous assessments; therefore, this letter expires when your certificate expires on January 29, 2017. Changes or improvements in quality system operation and/or documentation will be assessed during continuous assessments. You may contact UL DQS Inc to verify that any proposed changes are in compliance with the Standard prior to implementation.

Once again, we congratulate you and your staff on this fine achievement. If we can be of any additional assistance, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink that reads "Michelle Barton".

Michelle Barton  
Aerospace Program Manager
